

BMSS Support Services

The BMSS Information Service has had a quite year, I would like to remind members that it does still exist!

In the early autumn I approached our usual Christmas card printer with an order for a reduced number of cards, in view of poor sales in 2024. I received 300 cards (and envelopes) of which nearly 200 were sold, a good proportion at the November auction where I could sell packs of cards to some of those attending (apart from the Annuals this was the largest number of members I have met collected under one roof). I am happy to report that sales this year just covered the outlay in printing and postage. We also, thanks to James Opie, sold a few of our printed backdrops, the originals of which were kindly donated by Renato Fort. This range is still available.

Our printed logo clothing supplier is no longer in business, we shall have to decide if we wish to find a new supplier.

If there is anything else that you would like the society to undertake, I would be happy to hear from you.

Ralph Weaver
